## **Introductory Tour** - guided round trip from Costa Teguisse to Arrieta

This tour is a special offer to all those who have never used electric bikes or are not very athletic - but while on holiday would like to try something new.

This eBike trip is rated easy for the not very sporty participant.

We cycle from Costa Teguisse inland towards the north.

Past the cactus fields between Guatiza and Mala and then up to Arrieta.

Along the way there are many features of the Canarian flora which the guide will point out and will also give some detail of the history of this part of the island

In Mala we will see an impressive Cactus garden and then a lovely trip up the coast till we reach Arrieta. At the local beach we take a break in a beach bar. Those who wish to, may also cool off in the sea.

We then head back to Costa Teguisse. A relaxing return journey as we normally have the wind at our backs.

### Note:

The duration of this tour is dependant on those taking part. We will set a pace that is manageable for all who are cycling - It is usually about 2 hours. We aim to offer you a relaxing day doing something different.

The guide on this tour will provide you with entertaining information about the Canary Islands in general and Lanzarote in particular

Alternative routes are also possible.

### **You should bring the following with you:**

- ✓ Sunscreen (lotion, sunglasses)
- ✓ ¾ l bottle of drinking water (minimum)
- ✓ adequate clothing and a light jacket - if it is windy

This tour can be taken on the day of your choice.

Minimum number of participants: 2 persons

**Price:** 50€
